

02/06/17

NOTICE TO MEMBERS

State Transit have given notice that they intend to take your Industry Allowance away from you from the next pay period. This is for your actions taken against Minister Constance's utter betrayal of you when he announced on the 15th of May that he is going to privatise Region 6.

The Minister has also said he will not rule anything in or out when it comes to privatising any of the other regions currently operated by State Transit.

The union will be taking all legal avenue's available to protect your pay & conditions.

Divisional Secretary
