

Dear Region 6 Drivers,

Last week, we demanded that Transit Systems immediately pay the stolen wages of 900 drivers which they have not passed onto drivers for over a year now. The company gave us their word that they would come back with an answer by today and failed to do so.

Sadly, Transit Systems' refusal to even respond with an answer today makes it abundantly clear that they have no intention of passing on the hard-earned money of 900 bus drivers.

Your delegates have met and decided to launch actions in response to the ongoing unreasonable and cruel actions of Transit Systems. We will not let the company continue to disrespect and devalue the important work we do as bus drivers.

The actions recommended by your delegates are rolling stoppages during peak hours starting on Monday the 25th of July.

Your union delegates will hold yard meetings across all depots in the coming weeks to prepare for the action and seek the endorsement of union members.

At this time – our unity as drivers is never more important and we need every driver involved in this. A small amount of effort from every driver can make a huge difference in putting pressure on the company.

Show your support by speaking to one driver who hasn't participated in action and convincing them to get involved ahead of the 25th.

Together we can and will win fairness from Transit Systems.

In Unity,
TWU & RTBU
